**A. Hiring of the Facilities Maintenance Job:** The above council members met to discuss the hiring of the facilities maintenance position. The job was offered to Calvin Grundvig by phone call. However, he is not comfortable with the pay and is asking around \$25.00/hour. The City is unable to meet his request. Further discussion was made regarding the three remaining applicants. Gary & Kam called the references of each applicant and the information gathered during the calls weighed in on the decision to offer Hayley Pollock the position. Mike will contact Hayley and see if she will accept.
